FractionalCoordinator®

INSTITUTIONAL COMPLIANCE SOLUTIONS

Company fact sheet

An institutional compliance consulting firm strengthening trust through modern compliance infrastructure.

WHO WE ARE

A trusted national partner strengthening institutional equity through modern compliance and training.

Fractional Coordinator is a forward-focused compliance and investigations firm helping universities, PK-12 districts, and mission-driven organizations stay accountable, reduce risk, and move forward with confidence. Founded by professionals with experience across higher education and corporate environments, we transform compliance into clarity, building frameworks that protect equity, manage risk, and support accountable decision-making.

CORE COMPLIANCE SERVICES

Equity investigations
Independent investigations and assessments that ensure fairness, compliance, and accountability across campuses and workplaces.

Training and coaching
Customized training and leadership development programs that strengthen compliance culture and institutional capacity.

ADA and Section 504
Comprehensive review and support to help institutions meet accessibility standards and implement accommodation processes.

Digital accessibility
Evaluations and strategies ensuring digital platforms, learning tools, and communications meet accessibility standards.

Interim coverage
Experienced coordinators providing immediate, short-term compliance leadership and stability during staff transitions.

PK-12 support
Tailored support for school districts ensuring equity, access, and compliance with Title IX, ADA, and state regulations.

Policy development
Collaborative policy drafting, revision, and implementation aligned with federal and state compliance mandates.

Clery Act
Guidance and reporting support for federal campus safety, crime disclosure, and annual compliance requirements.

OUR APPROACH: A CLEAR COMPLIANCE PATH

1. **Discover**
   Learn your institution's structures, challenges, and priorities to design solutions that fit your environment.
2. **Diagnose**
   Analyze findings to identify root causes of gaps and risks, with clear, evidence-based conclusions.
3. **Implement**
   Turn recommendations into practice, building policies, workflows, and staff training that last.
4. **Optimize**
   Test and strengthen new systems for long-term stability and continuous improvement.

MEASURABLE IMPACT

> "Our policies lacked clarity and accountability. Fractional Coordinator rebuilt structure and restored trust."
